Solving non-routine Harry Potter themed problems in KS2

# Magic Maths day Autumn 2023 (Harry Potter theme)

Hogwarts needs a new tower for the new students!  
We are going to try and build the tallest tower we can  
by working as a team!

We figured out that triangles were  
strong shapes for building towers!

# Magic Maths day Autumn 2023 (Harry Potter theme)

## Magic tricks with dice!

We found out that opposite sides of a dice sum to 7 – this helped us to work out how the magic tricks worked!
